DEMOS DISCUSS ISSUES OF DAY

Kyle Price and John Power Give Schedule of Games Being Prepared by Committee

A large audience gathered in the Calumet theater last evening to hear the doctrines of the Democratic party discussed by Hon. Kyle R. Price of Washington, D. C., and Hon. John Power of Escanaba, Democratic candidate for Congress from this district. Both speakers avoided personalities, confining themselves for the most part to giving the Democratic views on questions of public interest and advancing the remedies proposed by that party. Both addresses were substantially the same as those given in Hancock Saturday evening, which were published in last evening's News.

Mr. Price attacked both the administration of Taft and Roosevelt and also discussed President Taft's statement in the Saturday Post relative to the tariff. Mr. Price said that the Democratic party is not a free trade party but that it has always stood for a constitutional revenue. He charged that high protection of one interest or industry against the rights of other people is unconstitutional, and asserted that the gathering of seventy per cent of the country's wealth by a comparatively few people is due to this high protective tariff. In conclusion he appealed to the working men for their votes, claiming that the American workman's prosperity is not due to Republican administration, but because they have demanded and received what they have a right to receive.

Dr. M. A. Thometz presided as chairman of the meeting and Peter Primeau of Marquette, candidate for auditor general, was on the platform, although because of illness, he did not speak.

Program is Planned.

Word has been received here that W. E. Jones, a Progressive campaigner of national reputation, will be in Calumet Thursday evening to assist in conducting the rallies that have been arranged for Calumet and Hancock that evening. The other principal speakers at these rallies will be Whitney Watkins, candidate for governor on the Progressive ticket, and Dr. Cornell.

Plans are being formulated for an interesting musical program in connection with the rally in the armory Thursday evening.

ELKS TO START SEASON MONDAY

Kyle Price and John Power Give Schedule of Games Being Prepared by Committee

The Calumet Elks Bowling League will open the season Monday. There will be eight teams, named after the different mining companies of this district and the schedule, which is now in the course of preparation, will provide for games in the first section, up to Dec. 13. Each team will have an eligible list of eight men, and it has been decided to give the poor bowlers as well as the good bowlers a chance, by adopting a rule which makes it necessary for each team to drop the man with the low score after each game, substituting one of the other men.

There will be an individual prize of a gold medal for the highest average, with the provision that it must be won three times before it becomes the permanent possession of the bowler, which makes it almost a perpetual trophy. Few bowlers are consistent enough to win three times. There will also be a consolation prize for the bowler with the lower average and a prize for the team with the highest average.

The Y. M. C. A. team last evening opened the bowling season by defeating the Mohawk team in the first and third games of a series. Following are the scores:

Y. M. C. A.—2,326.		
Duigle	150	134
Dunstan	148	150
Brevick	150	141

Mohawk—2,288.

Smith	148	116

Maloney	150	125
Cross	168	222

SCUSA AND HIS BAND.

The recent tour around the world of Scusa and his band, which is in Calumet today, was unique in more ways than one. The seasons of the year, for instance, included five winters. They sailed from New York in December and were about nine weeks in Great Britain during the British winter; then went to South Africa and had four weeks' experience with the African winter. After a cold and blistering voyage from Cape Town to Hobart, Tasmania, they wished for spring, but were forced to put up with more winter when they reached Australia and spent many shivering weeks in the four provinces of that continent, South Australia, Victoria, New South Wales and Queensland. The next voyage took them to New Zealand, where they spent the month of August, the coldest time of the year there, and the last lap by water brought them back to the United States on the Pacific coast just at the beginning of last winter, and they finally reached New York again in December. When they play again in Powers' on October 31, they will have had the summer to thaw out.

BLAIR AT LAKE LINDEN.

Republican Speaker Will Address the Voters This Evening.

Voters of Lake Linden will be given an opportunity this evening to hear Dr. Samuel Blair, of Missouri, who will give an address in the city hall. The Lake Linden band will render music.

This will be the first Republican rally in Lake Linden during the present campaign, and it is expected it will be largely attended. Dr. Blair is a forceful orator, and will place the Republican side of the argument before the Torch Lake voters in no uncertain manner. It is expected the county Republican committee will make arrangements to bring other speakers to the Torch Lake towns before Nov. 5.

F. M. Johnson, of Cleveland, a negro, has invented a new rifle capable of firing 20 shots a second and 100 shots without stopping. Offers it to the United States government for army use.

THE BEST COAL IN THE WORLD

Is mined by Uncle Sam, and we have about the choicest output of his digging energy. Our success in the coal business rests largely, of course, on the quality of the fuel supplied by our yard, but coal cleanliness—proper screening—prompt delivery and courteous attention have much to do with it, too. Needs not to say that we would like to have your orders.
